If you require further information, the following site: www.myagedcare.gov.au may be of assistance. Alternatively, you can contact them by phoning: 1800/200422. It may also be beneficial to seek help from a financial advisor who can give you advice on all your options available regarding payment of residential aged care costs.

Medication and Herbal Remedies Including Creams and Lotions

San Carlo Homes for the Aged respects the Resident rights to independence in both administrations of medications where safely possible and decision making in relation to care including medication use.

We are however obliged to ensure safe and appropriate administration and storage of medications. Residents requesting to self-administer will be formally assessed by medical staff as to their capacity to do so.

We therefore request Residents and families inform the facility of all medications in their possession and also inform us if they wish to have other items supplied or use other products. The medications can then be discussed with the treating GP and any interactions with prescribed medications addressed.

All medication items will need to be stored in a safe an appropriate manner which may be outside of a resident's own room. This includes over the counter products, creams, lotions and herbal remedies. Should medications be brought into the facility by the family or requested by Residents, we request the facility staff be informed.

COMMENCEMENT OF POLICY

This policy will commence from 15th February 2024. It replaces all other San Carlo Homes for the Aged Ltd (San Carlo) Visitor Code of Conduct policies (whether written or not).

APPLICATION OF THE POLICY

This policy applies to all visitors. A separate Code of Conduct & Ethics exists for staff (including volunteers and agency personnel).

DEFINITIONS

VISITOR

- In this policy, a visitor refers to any person who interacts with San Carlo's staff, residents, and/or environment. This includes (but is not limited to):Residents' families and friends;
- Contractors;
- Visiting health professionals; and
- Representatives of other organisations.

but does not include San Carlo's employees, volunteers and agency personnel.

PREMISES

For the purpose of this policy, 'premises' includes the internal, external, physical, and electronic environment of San Carlo. For example, interactions on or within the premises could involve:

- Emails sent to the organisation or individual staff members;
- · Phone or video calls made to the organisation; or
- Discussions held in-person anywhere on the facility grounds.

WORK-RELATED VIOLENCE

Work-related violence involves incidents in which a person is abused, threatened, or assaulted in circumstances relating to their work.

OUR RESPONSIBILITIES

As an organisation San Carlo is committed to protecting the rights of all persons, including residents, employees, volunteers, and visitors. This includes the right to:

- Not be discriminated against on the basis of culture, religion, sexual identity, values, and/or beliefs:
- · Be treated with respect and dignity at all times;
- Experience physical and emotional safety at all times;
- · Work in or visit an environment free of harassment and anti-social behaviour;

San Carlo does not tolerate violence perpetrated by visitors (or any other persons) on our premises in any circumstances.

POLICY AWARENESS

This policy is available in the Admission Information Pack and on our website (www.sancarlo.com.au)

VISITOR RESPONSIBILITES

EXPECTED BEHAVIOUR

- Engage respectfully and courteously with all persons and not behave in ways that may be considered harassing or offensive.
- Remain calm when managing personal frustrations to limit the impact on the work or care of others.
- Speak at a volume appropriate for the environment and circumstances, and avoid shouting.
- Not use language directed at, or about, another individual that may be considered offensive or abusive in any culture. This includes -not threatening or using expletives, profanities or swearing in any language.
- Ensure written communication is courteous and polite at all times. If visitors are directed to only communicate with certain San Carlo staff members or to only communicate in a certain form at any time, then visitors are required to comply with those directions.

 not able to provide visitors with personal information regarding residents, employees, or
 other visitors without consent of the individuals concerned.
 - o This includes refraining from capturing videos and photographs of residents or staff without their express permission. Visitors must note that unauthorised filming/photography in certain areas of the facility may be in breach of Australian privacy laws.
- Adhere to all San Carlo's directions regarding visiting arrangements. Limitations San Carlo
 places on visiting may result from external regulatory requirements or as otherwise
 determined by San Carlo in its direction taking into consideration the need to ensure resident and
 staff safety and wellbeing and are regularly reviewed in relation to current risks (such as active
 outbreaks of COVID-19 or influenza).
- Never attend the facility grounds when feeling unwell and/or knowingly infected with a condition that can be easily transmitted to others (such as influenza, COVID-19, gastroenteritis) or under the influence of alcohol or other illegal (non-prescribed) drugs.
- Exercise tolerance and understanding of staff members' best efforts to provide care to all residents. The needs of our residents are prioritised, which may impact on service timeframes to visitors in some instances.

Nothing in this policy restricts the right of visitors to provide feedback or make a complaint about the care or services delivered by San Carlo. However, feedback should be delivered in ways that are keeping with this Visitor Code of Conduct.

Information our feedback and complaints policy is available in the Resident & Relative handbook, on the San Carlo website (www.sancarlo.com.au), and on request.

RESPONDING TO BREACHES OF CONDUCT

The Chief Executive Officer (CEO), Executive Care Manager and Human Resources (HR) Manager should also be informed of such incidents so that they can be addressed as soon as possible.

ORGANISATIONAL RESPONSE

If San Carlo receives a complaint from any other person regarding offensive, harassing or other inappropriate behaviour by a visitor, San Carlo will endeavour to contact the visitor(2) in writing, advising them of the concerns raised and bringing the requirements of this policy to their attention.

An offer to discuss the matter with the CEO or their delegate may be provided. This gesture is made in good faith with the wellbeing of residents, employees and other visitors as the highest priority.

In the event the visitor continues to behave inappropriately and/or in a manner that jeopardises the occupational health and safety of residents, San Carlo staff, or other visitors, serious measures will be considered. This may include, but is not limited to:

- A direction that visitors only communicate with nominated San Carlo staff members and/or do not communicate with identified staff members.
- A direction that visitors' communication may only be in writing and then, that the communication be directed to nominated San Carlo staff members.
- Limiting access to San Carlo's premises for individual(s) concerned.
- Such other direction as San Carlo considers reasonable and appropriate in its discretion taking into consideration resident and staff safety and wellbeing.

If the behaviour persists despite these directions, involvement of law enforcement and/or other legal avenues of redress may be pursued by San Carlo.

INFORMATION STATEMENT

The Residential Medication Management Review (RMMR) is a service referred by a Medical Professional who confirms that there is an identifiable clinical need for the Patient to have the service, and it is provided to residents living in approved Australian Government funded Aged Care Facilities. Credentialed pharmacists visit residents in facilities to conduct a comprehensive review of the resident's medication to identify, resolve and prevent medication related problems.

In order to receive the RMMR service you need to be a Medicare and/or Department of Veterans' Affairs (DVA) cardholder, currently experiencing, or at risk of experiencing, medication misadventure, have received a referral from a Medical Professional and:

- a permanent resident of an Australian Government funded Aged Care Facility; or
- a permanent resident in a facility receiving funding under the National Aboriginal and Torres Strait Islander Flexible Aged Care program; or
- · a permanent resident of an MPS facility; or
- a resident in an Australian Government-funded Transition Care Facility for more than 14 consecutive days

Under this service, your pharmacist will:

- · Assess your eligibility to receive the service and obtain informed consent from you
- · Review your prescription medications, over the counter medications, vitamins or supplements
- · Talk to you about your medical conditions and any allergies you may have
- Send a written report stating their findings and outline recommendations to relevant members of your healthcare team
- If necessary, conduct any follow up service(s)
- Upload a record of the RMMR service to your My Health Record (if you have one)
- Collect personal and sensitive information from you to enable the pharmacist to claim a payment for delivery of this service.

The Australian Government is paying the Service Provider for the RMMR Service. You will not be charged a fee by the Service Provider, however, if you do not meet the Eligibility Criteria or do not consent to your information being provided to the PPA and Department of Health and Aged Care for the purpose of claiming a funded service, the Service Provider may offer the service at your own cost.

You will still be required to pay the costs of the medicines that will be checked through this RMMR service including the PBS co-payment (if applicable) when medications are dispensed.

This program is funded by the Australian Government.

WHAT YOU NEED TO KNOW BEFORE YOU GIVE CONSENT

This consent form is to allow the pharmacist to provide your personal information to the Pharmacy Programs Administrator (PPA) and the Department of Health and Aged Care to verify your eligibility to receive the RMMR service and to enable the pharmacist to claim a payment for providing this service.

If you choose to provide written consent, the pharmacist will require you to sign the Written Consent form on page 3. If you are unable to provide written consent, your pharmacist will obtain verbal consent and keep a record by filling in the Verbal Consent form on page 4. If you are unable to provide consent the pharmacist will fill out the Unable to Provide Consent form on page 5.

This process is similar to the clinic/GP practice providing your Medicare number to claim for you seeing a Health Worker or General Practitioner (GP). Your personal information is protected by law, including the Privacy Act 1988. The Department is unlikely to disclose your personal information to overseas recipients.

Your/the patient's personal information that will be collected by the pharmacy include:

- · Personal details Name, Address, Medicare number, Date of Birth
- · The names of the medicines you/the patient are taking; and
- Details about the patient's authorised representative, if applicable.

If you do not provide your consent to the collection of information for this purpose, your pharmacist will not be able to assess your eligibility for the service and you will not be able to access a funded RMMR service. In this event, you may be required to pay for the cost of the service to your pharmacist.

The Department has a privacy policy which you can read at: http://www.health.gov.au/privacy. The Department can be contacted by telephone on **(02) 6289 1555** or free call **1800 020 103** or by using the online enquiries form at http://www.health.gov.au.

The Pharmacy Programs Administrator has a Privacy Policy you can read here: https://www.ppaonline.com.au/privacy-policy. The Pharmacy Programs Administrator can be contacted by telephone on **1800 951 285** or email at support@ppaonline.com.au.

VERBAL CONSENT (BY AUTHORISED LEGAL REPRESENTATIVE)

In some instances where consent must be obtained from an individual who has the legal authority to do so on the patient's behalf (such as a guardian, a person appointed under an enduring power of attorney or otherwise authorised to give this consent in your State or Territory), it is acknowledged that written consent may be difficult to obtain.

In these scenarios, where provision of the RMMR service is at risk of being delayed, verbal consent may instead be obtained from the legal representative.

A patient's personal details must NOT be passed on by the Service Provider if verbal or written consent has not been obtained for this to occur.

To be completed by the person obtaining verbal consent:

- I have explained to the patient's authorised legal representative how the information will be used for the purpose of conducting a RMMR Service as funded by the Australian Government
- The patient's authorised legal representative has verbally provided consent for the Service Provider to collect and disclose the patient's personal information to the PPA, the Department, the Patient's Community Pharmacy and, if required, other Service Providers for the purpose indicated

Please indicate who provided the consent:

UNABLE TO OBTAIN PATIENT CONSENT

If the patient does not have the capacity to provide their consent, and there is no other suitable person who is able to provide consent on behalf of that patient, such as a guardian or a person appointed under an enduring power of attorney, a service can still be completed, where you consider that without completing a service:

- The patient's physical or mental health or safety may be significantly and detrimentally impacted;
- The patient may be exposed to a potentially life-threatening situation; and/or
- The patient might reasonably be exposed to serious injury or illness.

Your collection, use and disclosure of the patient's information under the RMMR program will be permitted under the *Privacy Act 1988 (Cth)*.

If no Patient Consent (or other authorised person consent) is available please complete this section (including tick box):

I, the Credentialed Pharmacist undertaking the service, confirm that the patient does not have the capacity to provide consent for this RMMR service to be undertaken and there is no suitable person to give consent on the patient's behalf. Also in my opinion, without the service, the patient is at risk of experiencing at least one of the three scenarios listed above.
